ITEMS AT THE COURTS.

A keeper of an opium den at No. 522
Shanghai Street, Tsimshui, was fined \$300
by Mr J. R. Wood and seven smokers were
fined \$5 each.

A sentence of three months' imprison-
ment was imposed on a man-boy for
stealing a watch and chain belonging to
B. C. Thompson of the water police.

For failing to observe the rule of the
road a fine of \$20 was imposed on the
master of the steam launch Ewo, by Com-
mander C. W. Bockwith, R.N., at the
Marine Court this morning.

When a Chinaman was carrying \$100 along
Aberdeen Street on Saturday intending to
get the money changed at a money changer's
he made the acquaintance of a man who
wished to be directed to the Western
Market. They walked some distance when
suddenly the new acquaintance snatched
the money and got clear away.

A man found in possession of ten tools of
preparation of opium at No. 235 Wing Lok
Street appeared before Mr J. R. Wood at
the Magistrate's Court this morning and the
case was adjourned in order that the owner of
the pipe and the man who kept the cubicle
might be found. Bail was allowed in the
sum of \$450.

Clan Bi, Loung Wan and Lo Tsung Ki,
appeared before Mr E. R. Hallifax, at the
Magistrate's Court, extradition proceedings having
been commenced by M. Gaston Liebert,
Consul General for France, on a charge of
stealing \$1,935, the money of a passenger
on the a.s. Tourang while on the high seas.
The case was remanded until to-morrow.

Before Mr E. R. Hallifax, an inquiry
was held into the deaths of Wong Kam and
Cheng Luk who were executed at Victoria
Gaol this morning, having been sentenced
to death at the last Criminal Sessions. The
jury were sworn in as follows:—A. A.
Alves, H. Ram and W. O. C. Spalding.
A verdict was returned that death was due
to strangulation due to hanging and was
instantaneous.

A Chinese of no occupation who had
just returned from Macao was charged
before Mr E. R. Hallifax, with the
larceny of \$105 from a soldier in the
M.L.I. while in Queen's Road on Saturday.
It appeared that defendant spat on com-
plainant's coat and then drew his attention
to the fact and as complainant was
endeavouring to clean his coat the defendant
snatched the money from his pocket.
However he was captured, as he was making
his escape, by a Sepoy and at the Magistrate's
Court defendant was sentenced to twelve months
imprisonment and six hours' stocks.

A Talk on Hall's Distemper.

HALL'S Distemper continues to grow in popularity both at home and abroad.
The widely increased demand during the past year has been another great
tribute to its sterling worth. Leading Architects and Builders are specifying
more than ever, and it has been selected for use in a great many of the leading
public buildings such as The Tower of London, The Royal Mint, The Royal
Hospital, Chelsea; The War Office, The Admiralty, The National Gallery, The
British Museum, The General Post Office, The Offices of Woods and Forests, etc.,
and in Buckingham and St. James' Palaces.

While a description of Hall's Distemper is no doubt superfluous, we beg to
remind Architects, Builders, and Householders of the following special points:

— It is made in two qualities—The Inside quality is the modern scientific
substitute for wall-paper; it makes a more artistic, practical, and healthier wall
covering altogether.

— The Outside quality is fully weather resisting, it can be used on wood work,
iron work, brick work, stone, etc., and can be painted or varnished.

Hall's Distemper no doubt owes a great deal of its popularity to its ease
of application and great covering power, resulting in economy in both material and
labor costs. 1-cwt. will cover double the surface of 1-cwt. pure white lead, and
it dries evenly, overcoming the difficulty of obtaining a uniform tint on
plain walls.

There is no wall covering so hygienic as Hall's Distemper. It contains
powerful germicides, and when applied it is instant death to all insect life. It
is washable after three weeks by being lightly sponged with warm water.

Special Note.—Hall's Distemper should not be confused with the
many so-called Washable Distempers now offered for sale, nor with that class of
material which requires elaborate preparation of walls. Hall's Distemper is
unique preparation with entirely distinct advantages, and is made only by Simeon
Brothers & Co., Ltd., Hall and London. Sole Agents for South China.

THE TRIAL OF H. J. CRAIG.

Judgment.

The indictment against the Craig case, heard
by H.R.M. a Court at Shanghai on February
6, read as follows:—
Hiram Parkes Wilkinson, Esquire, Crown
Advocate, who for our Lord the King pro-
secutes in this behalf, comes into H.R.M.'s
Supreme Court for China and Corea hold-
ing at Shanghai on the 6th day of February
1911 and for our Lord the King charges
Harold John Craig for that he the said
Harold John Craig on or about the 16th
day of March 1910 in the year of our Lord
1910 and on divers other days thereafter
between the said last mentioned day and the
16th day of May 1910 unlawfully fraudu-
lently and deceitfully did conspire confederate
and agree together with one William Pitts
and with divers other persons who names
are to the said Crown Advocate unknown
by divers false pretences and unlawful
subtle ways means stratagems and devices
to obtain and acquire to themselves and
from the said Indrapoona Rubber Con-
cessions, Ltd., a Company registered in
Hongkong with limited liability, and
carrying on business at Shanghai, divers
large sums of money, the property of the
said Indrapoona Rubber Concessions
Ltd., to wit the sum of Shanghai Ts.
40,000 and certain valuable securities the
property of the said Indrapoona Rubber
Concessions Ltd., to wit certain
certificates for 45,000 shares of and in the
said Indrapoona Rubber Concessions
Ltd., of the same against the peace of our
Lord the King, his Crown and Dignity.

Prosecution pleaded guilty.
Sir HAVILAND DE SAUSMARE, in delivering
sentence said:—I cannot help feeling that
this crime to which you have very honour-
ably pleaded guilty has been one of the
results of the folly, and more than folly,
which marked the conduct of so many in
this Settlement in connexion with the
speculation of the last year. The dire
effects of that speculation on so many will
point a moral of the effect of such abandon-
ment more strongly than any words of
mine can do, but there is another aspect of
the case which I feel that I must speak
of. It is even more serious than the
former and it is this, and it has been
borne in on my mind by many instances
which have been multiplied recently, that
there is a fatal inclination in this society
here to slur over any lapse from commercial
uprightness. People are content to feel
things drift in a course without due in-
quiry or care as to whether that course is
right or wrong and to allow people to
remain in positions which their conduct
has shown them unfit to fill. In a com-
munity such as this, which exists mainly
for the purpose of trade in a foreign land,
I cannot but feel that such neglect of the
respect for commercial uprightness must
have a very serious effect upon those with
whom we live, in their esteem of our
character as a commercial nation and of the faith
which ought to be placed upon upright
merchants carrying on trade in a country
such as this. These are general remarks
which I think I ought to make on this
occasion. To deal shortly with this particu-
lar instance of your dealings, I must
point out that there is no position where
good faith and straight dealing are more
necessary than between a Director and his
shareholders and still more between a
Director and his fellow-Directors. Your
fellow-Directors in this case have placed in
you that confidence which is necessary for
the carrying on of commercial enterprises
in limited liability companies. I cannot
help feeling that at the time that you
sent this telegram you did abuse, some-
what shamefully abuse, that confidence
which was placed in you. On the other
hand I am glad to think that a conspiracy
of a mean kind, a conspiracy to defraud the
public, a conspiracy to sell an inferior
concern as one which you pretended was a
good one, was not in your thoughts. The
Crown Advocate has stated that there was
no reason to think that this was a con-
spiracy to get money for what did not exist,
but it was to hasten the payment for shares
which were your due, or which at all
events you thought were your due, and
for a concession which you had actually
sold. Whether or not that is the exact
law of the position it is not for me
at the present moment to inquire. It
seems to me that you might quite well
have thought so. At the same time there is
no doubt about it that, perhaps urged on
by the desire to handle these shares, to
obtain this money, you did with P.T.S.
defraud or conspire to defraud by sending
the telegram which was entirely untrue
requesting a report which would in effect
have been a bogus report. Under these
circumstances I cannot of course refrain
from passing a sentence upon you. I take
into consideration all the circumstances
which have been urged in your behalf and
most of all, of course, the fact that you
were not at that time actuated by a
desire to defraud people of money which
you could not have thought was your
due. I take into consideration the
services which in many ways you have
rendered to this community. I know you
have done good to many. I know also that
you have worked in the public interest.
Therefore, I feel that I am justified in
passing on you a sentence which will be
sufficient to mark the sense of the Court
concerning your conduct. I hope that
you will be able to do so, your position in the world. And
you be imprisoned for four months; in so
far as the arrangements of the case in this
country will allow that you will be im-
prisoned as a prisoner of the second class.

TORIC
LENSES

REPRESENT the greatest improvement in
spectacles that has been made in your life-time.
THE OLD STYLE flat lens gives a restricted
field of vision—you must look through the cen-
tre of the lens to see correctly.
WITH THE TORIC LENS, on the con-
trary, you have correct vision looking through any
part of the lens. You move your eyes instead of
turning your head from side to side.
TO THE TENNIS PLAYER, trap shooter,
the cricketer, the billiard player, in fact in all fields
of sport, the TORIC LENS means a better score
because of quiklor and better vision.
THE TORIC LENS corrects the error of
vision better than any other—it comes nearer making
the eye natural. Wearers of Toric Lenses never
go back to the old style.
WE GRIND TORIC LENSES to any pre-
scription from clear or tinted optical glass of first
quality. We absolutely guarantee every pair made.

mischievous maker and the arduous labour of the propagandist would be silenced or would cease, but he hoped that the voice of Americans resident in Japan would make itself heard in the homes, and felt in the hearts of their fellow countrymen across the Pacific.

Continuing he said:—"We may believe that this reinforcement will be welcomed by the already mustered forces throughout the civilized world. Within the last few years this great movement has grown until its effectiveness has been marked. Within this time I believe war itself with all its hideous injustices and its necessary inhumanities has in fact been averted because of the indirect influence of the forces opposed to unnecessary war. True, powerful armies and navies have played, as they always must play, their part in the prevention of war; but we must not underrate this other great and humane influence. America has taken and is taking the foremost place in this movement. The cynic and the thoughtless may sneer at or babble of the 'peace movement' but, Sir, this committee of yours asks the membership of this organization to mark well recent developments. Within a few weeks almost just as the old year was going out and a new and better year waited on the threshold, an American, practical and business like, an American who had risen from poverty almost to untold wealth has financed this war for peace to the amount of ten millions of gold dollars. It is possibly the greatest gift and the greatest endowment that ANDREW CARNEGIE has ever made. Not only that, Sir, but we find upon the roll of trustees, who have accepted the responsibility for the proper expenditure of this huge sum, the names of WILLIAM H. TAFT, the President of the United States of America; ELIOT ROSS, Ex-Secretary of State, practical man and one of the greatest statesmen America has ever known. We find others of that class. Are we ashamed to enroll our names alongside of these or shall we apologize for so doing to those who laugh at us as those who never felt a wound? A great banker of New York, FRANK A. VANDERLIP, a great thinker too, said the other day (let me quote him): "There is no excuse for war and the immense expenditure it entails, for ironclads and armies, but how to obviate it. The great French economist, EMILE DUBOIS, figures that the maintenance of Europe's armed peace footing in the last 25 years has cost 29 billions of dollars. The public debt of European nations in the last 25 years has increased by 24 billions of dollars gold. And the people of those countries are paying the toll. Not only this, but the maintenance of this peace footing has withdrawn and excluded from productive labour nearly 4 millions of men."

Mr. THOS. O'BRIEN, the American Ambassador, in the course of his speech remarked:—"It is a strange anomaly among civilized people that nations would see the flower of their population subjected to suffering and death in appalling numbers in a war with those of another nationality, and yet with what energy and skill and courage and expenditure of money they combat disease and pestilence! It is true that one party or the other in submitting their differences to arbitration, may be disappointed. This is the case with private litigation between individuals, but they submit as the nations will submit once the system is put into practice. We must remember that war is disappointing also. I do not believe that the wars of history have advanced the cause of humanity one iota, while, on the other hand, they have destroyed millions of people, overturned Governments, and brought misery and distress upon all concerned. What is worse than all, the strife in the majority of cases was, no doubt, wrongly decided. But in the face of peaceful intentions and activities, we witness all about us the most active preparations for offense and defense. Efforts are being made, without success so far, to induce some of the nations to suspend their preparations. I doubt whether they will do it until the burden becomes so great that public opinion, shocked at the cost, will insist upon putting an end to it. As this is sure to come, and as it is to the advantage of all that it come soon, perhaps it is unwise to oppose the spirit of the times. We must rest assured, however, that in spite of all warlike activities the love of peace is extending its influence and when once these preparations are suspended, the dawn of a new and better day will have arrived."

To one who witnessed the terrible misery inflicted on thousands in Japan as the result of the Russo-Japanese war, the thousands who received neither rewards, decorations or titles—the real burden bearers—these words appeal with great force. It may be that little will be accomplished by this newest of all Peace Societies, still even the little that it may achieve will be supremely worth while.

Revising an old naval title, the new super-Dreadnought battleship laid down at Devonport Dockyard will be named the Centurion. The last warship of that name, formerly flagship on this station, was sold out of the Navy last year. In displacement, dimensions, gun power, and armour protection, the Centurion will excel all other warships built or being built. Two sister ships of the Centurion are to be built—one at Portsmouth and one by contract.

Captain E. Combes, of the N.Y.K. steamer Colombo Maru, on arriving at Bombay on the last trip from Japan, was presented by the Indian Government authorities with a handsome pair of binoculars in recognition of the rescue last autumn of a number of distressed fishermen who were shipwrecked during a severe storm off Bombay. The chief officer of the Colombo Maru was presented with a telescope, while the men of the boat's crew which rescued the fishermen were awarded £1 each.

Reuters' Agency learns that the Coronation Durbar will be held on or about December 12, at any rate before the Festival of Moharrum. The details of the Royal Visits have not yet been settled, but the King and Queen Mary will probably land at Bombay and proceed direct to Delhi (where the Durbar will be held). At the conclusion of the Durbar there will be a trip to Nepal, and a visit to Calcutta is contemplated upon the return journey. Their Majesties will sail for Home in the middle of January.

The preparations for taking a census of the population of England and Wales next April are being steadily pushed forward in the iron buildings behind the Tate Gallery at Millbank. Two thousand registrars have been communicated with and requested to appoint enumerators in their districts. The number of enumerators that will be required is not yet known. An electrical tabulating machine employed in America for the taking of a census will very likely be used at Millbank. The census itself is fixed for April 5, and about three months later a preliminary and unreviewed report will be issued, followed by complete returns occupying 6,000 pages.

WATCHING THE TIGER.

A European was watching the performing tiger at the Chinese Recreation ground on Saturday when he was pushed back by a man and at the same time his watch and chain were removed from his waistcoat pocket and he has not seen them since. A Chinaman was also watching the tiger when he had his pocket cut open and the falling to the ground of £1.63 attracted his attention. This enabled him to seize the man who appeared at the Magistracy this morning. The case was remanded.

"THE FOLLIES."

After a long lapse in the matter of theatrical entertainment the public are eagerly looking forward to the opening of "The Follies" season on Friday next, and bookings already are briskly proceeding at Moutrie's.

"The Follies" have been and still are making a great hit in London, and the Company coming here is the first and only one ever sent out of the British Isles. Mr. H. G. Pollinger, the famous author, composer, originator and proprietor of "The Follies" assisted Mr. Henry Dallas in selecting the present Company of clever artists, and aimed at maintaining the high reputation of the original Company. Mr. Pollinger personally rehearsed the Far Eastern Company for six weeks at the Apollo Theatre, London, and was quite satisfied that they were as near an exact replica of the Home Company as was possible for any to be.

Mr. Dallas opened his tour in Calcutta, and there he had a most successful season, the "Follies" evidently appealing to the Calcutta taste just as much as to the liking of London. Then he went on a triumphal series of visits to Rangoon, Penang and Singapore, and Hongkong will be the next stopping-place. We predict bumping houses during the stay of "The Follies."

DIPHTHERIA—HOW IT MAY BE AVOIDED.

DIPHTHERIA is usually contracted when the child has a cold. The cold prepares the child's system for the reception and development of the diphtheria germ. When there are cases of diphtheria in the neighbourhood children that have colds should be kept at home and off the street until recovered. Give them Chamberlain's Cough Remedy and they will not have to remain at home long. It also cleans out the culture buds, which form in a child's throat when it has a cold, and minimize the risk of contracting infectious diseases. For sales by all Chemists and Storekeepers.

PRINCE KUNG AT-TACKED.

PUNISHMENT FOR A EUNUCH.

(Wah Tse Yat Po's Service.)

PEKING, February 12.
Prince Kung, the Minister who has been charged with the task of suppressing the opium habit, who was recently injured with a knife by an opium-loving eunuch, is now on the way to recovery. The aggressor is to be banished to Uih Long Kiang after having been given 80 strokes with a pole.

[A Peking telegram printed in the N.Y. Daily News says:—It is reported that a eunuch, who had been fined for smoking opium, has made an attempt on the life of Prince Kung. Little credence is, however, given in well-informed circles to this report. It was known for more than a week that Prince Kung has been ill. His illness, however, is considered to be connected with the discovery of certain intrigues aiming at putting upon the Throne one of the elder lines of the Imperial clan. The whole affair is surrounded with much secrecy and it is most difficult to get at the root of the facts. But there are many reports from the Palace that startling events have occurred lately.]

The Russian Minister in Peking has notified the Wai-wu-pu that the "Hungeh-tao" (the robbers in the North) are causing great annoyance to Russian trade, and if they are not immediately suppressed by the Chinese Government Russia will dispatch troops for the purpose. The Japanese Minister has also sent a note in precisely the same wording.

THE UPKEEP OF GRAVES.

At the meeting of the Sanitary Board held to-day a minute was presented by the President relative to the repair of graves in the Colonial Cemetery.

Dr. Fitzwilliams wrote:—Could the former minutes not be forwarded with this paper as this does not state what provision has been made for the continued upkeep of graves? Small repairs done when required promptly is the most satisfactory method of dealing with a matter which must constantly require attention.

RATS AND PLAGUE.

At the meeting of the Sanitary Board this afternoon the return for the week ending January 28th and February 24th was submitted.

Dr. Fitzwilliams minuted:—In view of the plague in China are any special efforts being made to destroy rats at present? I notice that this week there has been a drop of over 450 or 500 per cent. decrease.

The Registrar General minuted:—Probably China New Year accounts for the drop.

DAMAGING A MIRROR.

Before Mr. E. R. Hallifax at the Magistrate's Court this morning a man named J. Kilgour was charged with carrying arms without a license, recklessly using firearms and with damaging a mirror value \$35 at No. 13 Sampson Street.

Defendant pleaded guilty on all three charges and said that he did not know how it happened as he was under the influence of drink at the time. He did not remember doing it.

His Worship:—What are you?

Defendant:—I am an officer.

What ship:—The S. Japan.

How long will it be before the ship comes back?—The ship will be back to-morrow morning. Defendant continued that he was expecting to leave the Colony this week and if his worship let him down lightly he was prepared to pay the damages. His friend had nothing to do with the matter as he had the revolver.

His Worship imposed a fine of \$50 on the first two charges and ordered defendant to pay \$35 compensation, or eight weeks' imprisonment.

THE INDIAN TROOPING SEASON.

The troopship will be moored alongside the wharf at Kowloon.

ORCHESTRAL CONCERT.

The orchestra from the German flag-ship Scharnhorst gave another of its excellent concerts at the City Hall on Saturday night, but notwithstanding the fact that the programme was of the "popular" as distinct from the classical order the attendance was disappointingly small. There were hardly more than a hundred people present. However, those who took the trouble to go down to the Theatre were well rewarded, for a veritable feast of good things was provided. In tone, expression and time the instrumentalists displayed a remarkable faithfulness to the spirit of the themes in hand, and the audience went away at the close thoroughly delighted.

The programme was as under:—

PART I.
March "A Message from Mars" Holmann
Overture "If I were King" Adams
Cello Solo "Serenade" Hertel
(Herr Schmidt)
Waltz "Gold and Silver" Lehar
PART II.
Selection "The Girl in the Train" Fall
Overture "Poet and Peasant" Suppe
Trumpet Solo "Greeting to Sorrento" Waldmann

Herr Steinbeck
Fantasia "Tales of Hoffman" Offenbach
Waltz "Dove in Spring" Bion
Potpourri "Heavenly Heights" Petras

THE LIKIN BARRIERS.

Official dispatches from Soochow, says the N. O. Duty News, have been received by the local mandarin stating that in about two or three months, all the likin stations will be abolished and the likin itself will be converted to another tax, whose name may be translated "The Universal Tax." The new Tax will be advantageous both to Government coffers and the people; inasmuch as it will do away with the abuses and squeezes which had to be endured all along the routes by which the goods were sent, and the Government will save enormous expenditure if, as it is reported, this tax will be only collected once for all at a large town on goods which may be sent to all parts of China free of any further tax. Moreover, every branch of business will be given the option of choosing by election a representative with whom the Government is to deal, and further he may take upon himself to offer a certain lump sum either monthly, quarterly, semi-annually or yearly, in lieu of the tax for same period leviable on the goods dealt with. Of course, there are many details to be settled before the scheme can be carried out to perfection, such as the estimate of the approximate sum of tax collectable during the periods arranged, which seem to be the most difficult question for both sides to agree upon.

MACAO NOTES.

(From Our Own Correspondent.)
Macao, February 10.

By one of the many singular whims of Fate which have controlled the destinies of Macao, we have just been given one good public servant at the expense of another.

Little more than a week has elapsed since Dr. Manilla settled down anew, until general satisfaction, to his former post of Colonial Secretary, and yesterday we bade Godspeed to Chief Justice Dr. Vidal who was unexpectedly called away on urgent family affairs, to our common regret, as we had all expected a prolonged stay among us in view of the rare mark of consideration.

Vice-President him by the Home Government, he being permitted to prolong his stay in Macao ad lib.

We need not touch on the many universal recognized qualities of the good judge which caused him to be beloved of the law-abiding and an object of terror to the erring. Besides, the omnium gatherum one saw at the Steamboat Wharf yesterday afternoon eloquently testified to the admiration and love which the worthy magistrate was looked from high and low alike, there being present H.E. The Governor and Staff and an array of civil servants, army and navy officers, and civilian friends such as we have not seen to this day.

In the right royal send-off given Dr. Vidal there were mingled most hearty wishes for a speedy return. Dr. Marques Vidal hopes to time his furlough at eight months.

I hear that Dr. Manilla is, with us for three months only, but we give the news unwillingly for we may expect our estimable Colonial Secretary back here after he has returned home with certain details bearing on the long-drawn out Boundary Question.

Dr. Manilla was Secretary to the Conference which was held in Hongkong last year, and is rather inclined to believe in a speedy solution of the vexed question.

In compliance with a cablegram received from Funchal, H. E. The Governor has appointed a Commission composed of Mr. Pedro Nolasco da Silva, Colonel Rodriguez, Capt. Lourenco and others to study the measures most conducive to alleviate and retrieve the cholera ravages in the Island of Madeira.

Among the escapades of the pilfering hordes which I recently chronicled as unusually noteworthy this season three all for mention. Some unknown parties, who showed a thorough knowledge of the place, made a descent from the roof into the building of the Empress Economics the other evening and made off with goods to the value of some \$8000. They smashed only the stock-room, and opened the cases which contained the most valuable dress materials, hoots and shoes.

Another intruder called at 11 a.m. yesterday at Lieut. Carlos d'Almeida's. He entered one of the bedrooms, opened a trunk furnished with a cabalistic lock with which he seemed fully conversant, from which he extracted a quantity of jewellery and clothing. The man when taken to task for allowing a man in rags to enter the house alleged he was a former servant.

Some relatives of Mr. Sia Tang were last night the victims of a quaint dodge. The frames of certain punksticks were employed by men who had entered into the premises on the sly. All the household remained in a state of stupor for twenty-four hours at a stretch. Needless to say, when they came to there was not an article left in the house.

MACAO, February 11.
It is currently reported that the Banco Nacional Ultramarino are advancing the capital required to carry out the harbour scheme.

In accordance with the majority of votes required, the Camori has fixed on the 25th June (St. John's Day) for the public holiday which the Republican Government left to the choice of individual centres.

EMPIRE CINEMATOGRAFE THEATRE.
A very select programme of films was exhibited at the Empire Cinematographe Theatre on Sunday night and was thoroughly enjoyed by the large attendance. In addition to the splendid film "Macmillan" there was a grand comedy film "How Max Liner travelled round the world" which created much merriment. These are truly excellent films. The management has just received twelve magnificent pictures which will be exhibited during the week while special and high-class programmes will be presented on race days.
